Step 5: You have two choices for how to enter your Scouts. If you are entering them for the first time OR if you have a lot to enter, then you should use the template. If you only have a few to enter, or if you are updating Scouts already in the system, then you should do it manually.

Using the template:

- Click Download CSV template

Council: Demo Council ▼ District: DEMO DISTRICT #2 ▼

Search Clear Add Print Download CSV Template Choose File No file chosen Bulk Upload [Bulk Uplo](#)

- Open the template
- Enter each Scouts' first name, last name, a username (login ID) that you create, their email address, and a password
 - All usernames must be unique. You can use one parent email for multiple Scouts (siblings). The initial password can be the same for everyone.
- Save the file as a CSV file and save it where you can retrieve it again
- Close it
- Back at that menu, click Choose File, and navigate to that CSV file. Double click it or click open

GOOD INFORMATION TO HAVE

Prices for products online are based on the average cost of the products across the nation, so they may or may not be the same as the prices on your Take Order forms.

Chocolate products are not available for purchase online until later in the Fall (October) in order to ensure product integrity during shipping.

The products available online may differ from the council product line on the Take Order forms.

Units earn 30% commission on all online sales. Commission checks are sent quarterly to the council and then council will notify you when online sales commissions are deposited into your unit accounts.

Online Sales count towards the prize programs.

You can download your online sales for your Scouts by logging in to <https://ordering.campmasters.org> and on the left side menu, click on the Report List link. Choose Popcornordering.com Client Reports. These reports will export to excel.

The image shows a screenshot of a website's left-hand navigation menu. The menu items are: Commitment (with sub-link 'commit sales'), Orders (with sub-links 'place unit show-n-sell', 'place take order', 'in progress take order', and 'view unit orders'), Scout Online Sales (with sub-link 'view Scout online sales'), Prizes (with sub-link 'Prize Site'), Reports (with sub-link 'Report List'), and Issues or Errors (with sub-link 'Report an issue/error'). To the right of the menu, there are two blue underlined links: 'Unit Order and Settlement Form' and 'Popcornordering.com Client Reports'. A red arrow points from the 'Report List' link in the menu to the 'Popcornordering.com Client Reports' link.
